

We offer six levels of monitoring functionality (licenses) within a single product. A license is assigned to each system you are monitoring with ELM Enterprise Manager. This allows you to mix and match licenses to meet both your monitoring and budget needs. The table below identifies the monitoring features found in each license.

Log Management	Core	Event	Network	System	Log	Performance
Event Alarm	Cr	Ev	----	Sy	Lg	----
Event Collector	Cr	Ev	----	Sy	Lg	----
Event File Collector	----	----	----	Sy	Lg	----
File Monitor	Cr	----	----	Sy	Lg	----
SNMP Alarm	----	----	Nt	Sy	----	----
SNMP Collector	----	----	Nt	Sy	----	----
SNMP Receiver	----	----	Nt	Sy	Lg	----
Syslog Receiver	----	----	Nt	Sy	Lg	----
Health & Status Monitoring						
Inventory Collector	----	----	----	Sy	----	----
Performance Alarm	Cr	----	----	Sy	----	Pf
Performance Collector	Cr	----	----	Sy	----	Pf
Ping Monitor	Cr	Ev	Nt	Sy	Lg	Pf
Process Monitor	Cr	----	----	Sy	----	Pf
Service Monitor	Cr	----	----	Sy	----	----
Windows Configuration Monitor	----	----	----	Sy	----	----
WMI Monitoring	----	----	----	Sy	----	Pf
Application & Internet Service Monitoring						
Cluster Monitor	----	----	----	Sy	----	----
Exchange Monitor	----	----	----	Sy	----	----
FTP Monitor	----	----	----	Sy	----	----
IIS Monitor	----	----	----	Sy	----	----
Link Monitor	----	----	----	Sy	----	----
SMTP Monitor	----	----	----	Sy	----	----
SQL Monitor	----	----	----	Sy	----	----
TCP Port Monitor	----	----	Nt	Sy	----	----
Web Page Monitor	----	----	----	Sy	----	----
Fault Tolerance Checking						
Agent Monitor	Cr	Ev	----	Sy	Lg	Pf
ELM Server Monitor	Cr	Ev	----	Sy	Lg	Pf
